

Many of you know or have heard about our Pickleball Club's Communications Director because she is a great example of volunteerism at the Villages. She is Anahid Gregg.

Anahid was born and raised in New York City and went to college at Michigan State University. She trained harness horses professionally for 8 years before working for Motorola in IT for the last 23 years including now.

She and her husband Mark moved from New Jersey to the Villages when Motorola transferred her 8 years ago.

She is a very busy volunteer here! She is on the Pickleball Board, DAC, Italian Club Board, Sustainable Villages board, and the Home Tour Committee for the VMA.

Anahid says: " We began playing pickleball years ago when our neighbor George Dobbs insisted that we give it a try. I enjoy Pickleball because it is a great way to have fun, is good exercise, and has a sense of camaraderie. People are friendly, enthusiastic, and supportive of each other."

Regarding living at the Villages, she says, "I love the Villages not only because of the wonderful amenities, but because of the sense of family among people, neighbors taking care of each other. Being here has made me become a volunteer. It's an atmosphere that makes you want to give back."

Thank you, Anahid, for all you do for our Pickleball Club and the Villages community. You are greatly appreciated!
