For many of us, pickleball is more than a game, it is a social event. Passing by the empty courts we wonder when will we all be out there again? Plans are still being made for fun summer pickleball festivities, so stay in shape!

Although we can't play pickleball now we can continue enjoying our pickleball community. Many small groups that regularly play together are now staying physically separate but socially connected by getting together for walks on the golf course, on our hillside trails or meeting up for happy hour chats. This is also a good time to work on overall conditioning, flexibility and balance so we can be ready to jump right back in!

On a light-hearted note:

Q: How many pickleball players does it take to screw in a light bulb?

A: What do you mean the bulb was out? It wasn't out, it was in!
