

How to use Find a Match in YourCourts

Have you ever had a group planned for Pickleball, and someone had to back out? Most people jump on the phone and start calling around. Guess what – YourCourts has a solution for you! The **Find a Match** feature!

Find a Match allows you to do two things – look for members to play with you, and allow others to contact you when they need players. Invitation recipients have the option to accept or decline the request.

With **Find a Match**, users set the criteria to search for, then select players to invite. Invitations can be customized to your specification. After players respond, they can be added to your group. This is a great way to get to know new players; as search parameters can be set for level, date or time of day. The results will show everyone fitting the criteria who has registered.

The catch? You both need to turn on **Find a Match** in YourCourts, which takes less than two minutes. But no worries - full details on using **Find a Match** are linked to this story on our website, <https://villagespickleball.vgcc.club/>. Sign yourself up and expand the Pickleball Club database, and **Find a Match!**

We have provided detailed instructions on using Find a Match on our website. From our website, click on [Play Times > Using Find A Match to find playing partners](#). The more people who opt in, the more people you can find to play!
