Pickleball players are thrilled to be able to play doubles on our courts again. Many of us miss the socializing of Open Play but the ability to play in foursomes, from different households, is a very welcome development.

All of the available time slots have been consistently filling up. Play hours are limited for both tennis and pickleball to 9 am - 12 pm and 4:30 pm - 7:30 pm. Courts 5 & 6 are exclusively for pickleball during this time of restricted use.

Pickleball is still showing itself to be a very popular activity here at The Villages. We are looking forward to having four new courts!
