Your Courts/Website Update

Discussed deleting Advanced/Int Advanced Open play. Most Advanced players prefer to have their own groups.

Ball Machine Training Update:

40 people had been trained on the ball machine as of Nov. 10th. 20 more were signed up to be trained. 47 people had not responded to emails about getting trained, although they had indicated that they wanted to use the ball machine. We discussed the fact that the rollers inside the machine get extremely dirty & then don't spin the balls well. It needs to be cleaned regularly. Because the ball machine was out of commission for so long, those people who were billed for this year, will not be billed next year.

Recap Tournaments/Dink & Drink:

We have finished with tournaments & Dink & Drinks for this year. We will be having 3 tournaments & 7 Dink & Drinks for next year.

Court Operations Report:

We have had 2 trash cans delivered to the courts (YIPPEEE!) We are still waiting for quotes on the new umbrellas & then we will discuss with the EVF for possible additional funding.

Publicity:

Joyce will be recruiting other people to write articles for the Villager & thanked Anahid for helping her with this.

New Business:

It was suggested that we increase membership dues to \$20 to help cover the cost of events. We tabled the suggestion to be discussed again next year. We also elected to get a gift certificate for Mike Walias in recognition of all his work with new members.
