

Villages Pickleball Club Minutes Feb 9, 2023

Attendees: Lucy, Betty, Jim, Sheryl, Don, Michelle, Ginny

- Board Minutes Approved from last meeting
- Membership update: 489 members
- Treasurer's report: Beginning \$7173.97 Income (dues)\$8220
Total \$15,393.97
- Your Courts/Website Updates: Lucy said that she has been working with Anahid to make improvements in the website. We will go to summer hours (1 hr. Time slots in the AM) on May 1.
- Court Management Update: our last Canopy was destroyed by the storms.
- Tournament Directors Update: Because of permitting restrictions & no responses from the fire department on capacity for tournaments, we have not confirmed dates for tournaments or any upcoming events.
- Publicity: nothing to report & Joyce couldn't attend the meeting.
- Old Business: Request for use of bathroom in Bldg. D still not resolved. Request for bottle filler has been submitted to Enrique. Michelle & Tim have generously offered to pay for it & for the installation. Michelle has done extensive research on a new bulletin board for the courts. It was decided that a free standing one would be preferable because it would not block anyone's view of the court.. Once we have a decision & pricing, it will be submitted to the Architectural Committee for approval. The bylaws have been updated & approved.
- New Business: A motion was made & seconded to purchase a commercial quality ball machine (not to exceed \$2700), as the one we have now is not consistent & needs constant maintaining. The old machine will be sold. We also had a motion & a second to NOT count open play against prime time play on Your Courts. Ginny stated that she no longer wants to host the Open Play. We discussed whether or not we need to have hosts for this for Intermediate Play. We will address this again later. It was decided that our squeegees should be put in the shed during the summer. We need to replace our first aid kit (or update it). Michelle suggested that all pickle ball players keep a vial of life in their bags. An article in the Villager may be suggested on this. Ginny volunteered to do the New Resident Orientation on March 15th.

Meeting adjourned at 5:23
